

## School-based After-school Learning and Support Programme 2014/2015 The Proposal

**(I) Aim:** The aim of this scheme is to develop the abilities of the students in different areas, such as communications with parents, teachers as well as peer groups, and the control of emotions. Besides, the purpose of the scheme is to encourage all-round development of students so as to build up their confidence. Through this scheme, we expect to achieve the following:

1. To build up students' self-confidence in dealing with their daily routines and studies.
2. To improve students' social skills to communicate with their peer groups and adults.
3. To improve students' self-determination and self-esteem and develop their self-efficacy.
4. To provide recognition for positive behaviour.
5. To promote students' moral competence.
6. To promote students' emotional competence.

**(II) Target Group:** Students from low-income families.

**(III) Content:** Different programmes will be organised for the target students to fulfill the scheme. The proposal may include the following items:

- (1) **Peer Tutor Programme** : This activity offers opportunities for students to brush up their English in an authentic English language environment. Students have to have a high sense of responsibility and self-discipline in order to accomplish the task. It also enriches students' experience of other cultures, and strengthens their abilities in meeting challenges and coping with changes in life.
- (2) **Rock climbing** : This activity offers opportunities for students to experience peer support in accomplishing a task that needs not only physical strength but also determination and perseverance. The activity will also enhance students' self-esteem that comes from the successful experience.
- (3) **Learning skill workshops** : A workshop will be organized for all F.1 Chinese speaking students and all non-Chinese speaking students respectively. Students will have the chance to work together with peers

in discussions and accomplishing learning tasks. The workshops will help them cope with their studies more effectively with the strategies acquired.

- (4) **Enhancement courses of English, Mathematics and other subjects:**  
These programmes offer support to students who lack family support in improving their academic performance.
- (5) **Other after-school activities :** The funding will also offer support to students from low-income families to take part in extra-curricular activities after school.
