School-based After-school Learning and Support Programme 2008 ~ 2009 Report:

- (I) **Aim** : The aim of this scheme is to help students to overcome difficulties in different areas, such as communications with their peer groups, teachers and parents. Moreover, it is expected to help students to have all-round development in personal growth. Furthermore, it is expected to arouse students' interest in learning and their low learning motivation.
- (II) **Target Group**: Those students who come from low-income families.
- (III) **Content**: In order to fulfill the purpose of the scheme, the following activities were done:
- (i) An after-school intensive English Training program was given to S. 5 students from November, 08 till March, 09, expecting to give them a general review on how to deal with their School certificate Examination. Moreover a practical guide was given to the students.
 - (ii) In January, a learning skill workshop was given to Form 5 and 7, hoping to give them some techniques on how to deal with their School Certificate Examination and A. Level Examination.
 - (iii) From January to March, some trainings were given to Form 2 students, teaching them how to climb up the rock. Such training was given to students, aiming at building up their confidence. Many students welcomed the training.
 - (iv) An Enhancement course (English) was given to Form 6 students, especially those coming from low income families.
 - (v) It was first arranged to provide war-game training to F. 1 to F. 3 students after the Final Examination for the purpose of developing their skill in dealing with hard work and increasing their confidence. However, due to the outbreak of the flu, such programme was postponed to next school year.
 - (vi) In July, a summer camp (English) was given to Form 1 students, hoping them to have more opportunities to speak up and improve their English.
 - (vii) In August, an Enhancement course was given to F. 4 students, guiding them how to deal with examination paper and build up their confidence in all areas.

(IV) **Assessment:**

- (i) Most of the students were present in the training program. From teachers' comment, those students taking the program did better than before. They had more confidence in dealing with School Certificate Examination.
- (ii) From teachers' observation, most of the students were happy with the techniques taught in the workshop. It was proved fruitful after the examination. .
- (iii) During the Rock-climbing, it was found that all of the participants were interested in the training and their team-spirit and self-confidence were gained.
- (iv) During the tutorial, most of the students were interested in the lessons and it was found later in the final examination that those taking part in the tutorial showed an improvement in the examination.
- (v) An war game activity was suspended.
- (vi) In July, lower form students took part in the English Summer Camp, getting more chance to practise English, spoken in particular. Their English was improved, including both writing and speaking skills.
